## Part II: Student Achievement and State Academic Annual Measurable Objectives (AMOs)

This section provides the STAAR performance results for each subject area tested in the 2015-16 school year. These results only include tested students who were in the accountability subset. This section also includes four-year and five-year graduation rates and participation rates on STAAR for reading and mathematics.

## Part III: Priority and Focus Schools

Priority schools are the lowest 5\% of Title I served campuses based on performance in reading, mathematics and graduation rates. Priority schools include Tier I or Tier II TTIPS schools, campuses with graduation rates less than 60\%, and lowest achieving campuses based on All Students reading/math performance. Focus schools are $10 \%$ of Title I served campuses, not already identified as priority schools, that have the widest gaps between student group performance and safeguard targets. Campuses are ranked based on the largest gaps between student group reading/math performance and the annual measurable objectives (AMO) target of $83 \%$. Campuses were originally staged as priority and focus based on data from the 2013 Accountability Reports. Priority and focus schools having improved in performance and are no longer identified as improvement required for the August 2015 and 2016 ratingswill include a "Progress" label. All schools that do not meet that criteria will remain identified as priority or focus.

Results available at campus level only.

A high-performance reward school is identified as a Title I school with distinctions based on reading and math performance. In addition, at the high school level, a reward school is a Title I school with the highest graduation rates. A high progress school is identified as a Title I school in the top $25 \%$ in annual improvement; and/or a school in the top $25 \%$ of those demonstrating ability to close performance gaps based on system safeguards. The reward school identifications provided are for the 2015-2016 school year.Identifications for the 2016-2017 school year are pending.

Results available at campus level only.

## Part IV B and C: Teachers with Emergency/Provisional Credentials, Highly Qualified (HQ) Teachers Low Poverty/ High Poverty

 Summary ReportsThe percentage of all public elementary and secondary school teachers teaching with emergency or provisional credentials, and the percentage of classes in the state not taught by highly qualified teachers disaggregated by high-poverty compared to low-poverty schools. For this purpose, high-poverty means schools in the top quartile of poverty and low-poverty means the bottom quartile of poverty in the state.
