

Keene ISD

District of Innovation Plan (HB 1842)

2021- 2026

FIRST ADOPTED JULY 11, 2016
AMENDED MAY 22, 2017
AMENDED JULY 19, 2021
RENEWED AUG 16, 2021

Keene ISD is utilizing HB 1842, of the 84th Legislative Session, in order to have more local control in certain areas. HB 1842 allows a traditional public school to have some of the same local flexibility that public charter schools have always been allowed. We feel this is a great opportunity for our local district to tailor plans based on the needs of our students and community.

This plan will be in effect for the 2021-2022 school year through the 2025-2026 school year. This plan may be amended at any time by the committee with approval of the Board of Trustees

District Innovation Team 2021-2022

Dr. Ricky Stephens	Superintendent
Sandra Denning	Assistant Superintendent Curriculum
Ryan Edgar	CFO
Chris Taylor	HS Principal
Jarret Morgan	HS Assistant Principal
Jamie Ingram	JH Principal

RENEWED

July 19, 2021

DIC met and approved renewal of DOI

Aug 16, 2021

School Board approved DOI renewal

Keene ISD District of Innovation Plan

School start date (EB LEGAL) (Ed. Code 25.0811)

Currently Students may not begin school before the 4th Monday of August.

Proposed: KISD committee felt the need for dynamic professional development to occur during the school year. In order to provide the days for teacher training during the year that can directly impact student learning and to provide a calendar that better meets the local needs of our students, KISD proposes to start school before the 4th Monday in August.

- a. Students will begin no earlier than the 3rd Monday of August. (**Aug. 18th for year 2016-2017**)
- b. Teachers will begin no earlier than the 2nd Monday of August. (**Aug. 11th for year 2016-2017**)
- c. This will allow the first and second semesters to be closer in the number of days of instruction.
- d. The goal is to improve the district attendance rate and student success through the flexibility in the calendar

AMENDED MAY 22, 2017

Teacher Certification (TEC 21.003, 21.053, and 21.057) DK (LEGAL)

State law states that a person may not be employed as a teacher by a school district unless the person holds an appropriate certificate or permit issued by the appropriate state agency or

business or industry group. In the event a district cannot locate a certified teacher for a position or a teacher is teaching a subject outside of their certification, the district must request emergency certification from Texas Education Agency and/or State Board of Educator Certification.

Rationale of Exemptions

Current state teacher certification requirements inhibit the District's ability to hire teachers to teach hard-to-fill, high-demand, dual credit, as well as career and technical courses. Keene ISD is located in a rural area which limits course offerings. The District seeks to establish its own local qualification requirements and its own requirements for training professionals and experts to teach such courses in lieu of the requirements set forth in law. This flexibility will allow the district to offer a wider variety of courses and provide more innovation in instruction and coursework for Keene ISD students.

Benefits of Exemptions

- Ability to hire credentialed postsecondary instructors to teach dual-credit courses to students in grade 9 through 12;
- Ability to hire instructors with industry experience that align to career and technical pathways offered to District students in grades 9 through 12; and
- Opportunity to increase the number of career and technical and dual-credit course offerings to students in grades 9 through 12.

[SEP]

Implementation Guidance

When developing parameters for hiring instructors in career and technical education and dual credit coursework who do not have the requisite certificate or permit, the District shall ensure the following:

- The District must first consider high quality, certified teachers.
- The District must establish criteria for selection of high quality, non-certified candidates.
- The District must implement a rigorous on-boarding and training program for newly hired, non-certified instructors. The program must emphasize support in classroom management and effective instructional practice.

Special Education and ESL/ELL certifications cannot be waived.

BANK DEPOSITORY CONTRACT TERM

((Ed. Code 45.206 and Ed. Code 45.205) BDAE (LEGAL), BDAE (LOCAL)

The depository for the District shall serve for a term of two years and until its successor is selected and has qualified. A district and its depository bank may agree to extend the contract

for two additional two-year terms. The contract term and any extension must coincide with the district's fiscal year. An extension is not subject to the requirements of Education Code 45.206, Education Code 45.205 and Education Code 45.204.

Rationale for Exemption

In a small district and a small town, the District's choices for its depository bank are limited. KISD uses services provided by the bank on a daily basis. KISD will continue to use the local depository for the District without rebidding as follows:

At the end of each two year term, the District and its depository bank may agree to extend the contract for multiple two additional year periods. The District must review the contract to ensure the best value and support for the District and obtain Board approval for each of the two year periods. Nothing in this process would hinder the District's ability to undertake bidding the District Depository Bank at the end of any of the two year periods. Further, this entire Innovation Plan must be reviewed and renewed at the end of five years, including this provision. The time saved by the superintendent and the board of trustees by not having to deal with this ministerial duty every two years will allow the superintendent and the board more time for studying and planning for student progress, instructional strategies, and innovative options for the district educational goals.

AMENDED JUNE 19, 2021

Preclusion from providing alternative Uniform Group Coverage Program

Ed. Code §22.004(i) CRD(LEGAL) CRD(LOCAL)

Texas Education Code: §22.004(i) Preclusion from providing alternative Uniform Group Coverage Program once the program of coverages under Chapter 1579, Insurance Code is implemented.

Rationale for Exemption

TEC §22.004 (i) states that a school district may not make group health coverage available to its employees pursuant to TEC 22.004(b) after the date a District implements the program of coverages provided under Chapter 1579 of the Texas Insurance Code. The current process allows no flexibility in the design of group health insurance benefits to fit the needs of all KEENE ISD employees. This provision also prohibits the District from procuring group health insurance benefits that may provide better coverages for its employees and at a lower cost. This provision is in direct contradiction to the wishes of the KEENE ISD Board of Trustees who represent community interests in this matter. This exemption will increase local control of the group health benefits plan to allow the District to be responsive to employee and community needs.
